

VEHICLE DECAL CLEARING/TURN-IN RECORD AND RECEIPT

FB Reg 190-5

PRIVACY ACT STATEMENT

AUTHORITY: 10 U.S.C. 3013, Secretary of the Army, AR 190-5, Motor Vehicle Traffic Supervision and E.O. 9397 (SSN).

PRINCIPAL PURPOSE(S) AND ROUTINE USE: To clear vehicles registered in the DoD system IAW AR 190-5.

DISCLOSURE: Voluntary. However, failure to provide requested information may delay or prevent updating vehicle registration and/or out-processing.

1. Use this form to turn in decals when selling or otherwise disposing of your vehicle, when replacing your windshield, when no longer entitled to have a decal (such as ETS-ing, terminating employment, etc.), or when otherwise needing to change or clear vehicle decal registration records.
2. Complete the top portion of the form **before** scraping off and affixing the decal residue. (The DoD decal number may be difficult to read after removal from vehicle.) If you need confirmation (such as for clearing your activity) that you have turned decals in, also complete the bottom portion of the form.
3. Scrape decals off and attach residue in indicated area. Include residue for **all** decals, including DoD, Fort Bragg, and expiration date. Take the form to any Vehicle Registration Center for processing. Use additional forms if clearing 3 or more vehicles.
