Search Utility

A search utility is provided on the PSBC Business Management and Provost Marshal Web Sites to aid in locating material.

You may access the utility at:

www.bragg.army.mil/psbc-bm
or
www.bragg.army.mil/psbc-pm

Click on **Search This Site** at the top right of each page.

Search for documents on the site by keywords. The text search engine will display a weighted list of matching documents, with better matches shown first. For a brief explanation of the query language available, review the following instructions

Query Language	
The text search engine allows queries to be formed from arbitrary Boolean expressions containing the keywords AND , OR and NOT , and grouped with parentheses. For example	
information retrieval finds documents containing 'information' or 'retrieval'	information not retrieval finds documents containing 'information' but not 'retrieval'
information or retrieval finds documents containing 'information' or 'retrieval' (same as above)	(information not retrieval) and WAIS finds documents containing 'WAIS,' plus 'information' but not 'retrieval'
information and retrieval finds documents containing both 'information' and 'retrieval'	web* finds documents containing words starting with 'web'
