As of March 29, 2017

GTA 03-04-001A: DEPLETED URANIUM AWARENESS

MEDIA: Booklet
SYNOPSIS: This 4-page, 8 1/2 x 5 1/2, waterproof or coated, folded card enables commanders, platoon sergeants, squad leaders, and all military occupational specialties (MOS) to explain harmful effects of depleted uranium. This GTA enables the reader to determine the risk factors to the individual soldier.

This Graphic Training Aid is available for download only in Adobe Portable Document Format (PDF).

GTA 03-05-015: "CHEMICAL PROTECTION AND DECONTAMINATION"

MEDIA: 16 Page Booklet
SYNOPSIS: Booklet is 5.3” X 8.3”, black and white, 16 pages printed on synthetic paper. This booklet provides information on Chemical, Biological, Radiological, and Nuclear (CBRN) Operational Elements, Mission-Oriented Protective Posture (MOPP) Analysis, MOPP Levels, Toxic Industrial Material (TIM) Hazards, Levels of Personal Protective Equipment (PPE), Skin Exposure Reduction Paste Against Chemical Warfare Agents (SERPACWA), Pre-Attack Actions, During-Attack Actions, Post-Attack Actions, Signs and Symptoms of Poisoning, Unmasking Procedures – With or Without the M256 Series Chemical Detector Kit, Decontamination Decisions, Buddy Team MOPP Gear Exchange, Reactive Skin Decontamination Lotion (RSDL), M100 Sorbent Decontamination System (SDS), and Automatic Chemical-Agent Alarm (ACCA) Emplacement Procedures.
GTA 03-06-008: CBRN WARNING AND REPORTING SYSTEM

MEDIA: This 16.5" x 12.5" synthetic white GTA folds up to measure 4.125" x 6.25"

SYNOPSIS: Supersedes GTA 03-06-008, August 1996. This GTA describes, in table format, letter items used in preparation of NBC reports, transmission factors for residual radiation, significance of predicted fallout zones, and the effective downward message. The following topics are sampled as follows: NBC 1 Report (Observer’s Report), NBC 2 Report (Evaluated Data), NBC 3 Report (Immediate Warning of Expected Contamination or Hazard Area), NBC 4 Report (Recon, Monitoring, and Survey Results), NBC 5 Report (Areas of Actual Contamination), NBC 6 Report (Detailed Information of CBRN/ROTA Attack/Incident), Meaning of Line Items in NBC Reports, Legend, Effective Downwind Message Format, Chemical Downwind Message, How to Read Weather Information in a Chemical Downwind Message and Transmission/Protection Factors. The image is a representation and not a true image.

GTA 03-06-010: ASYMMETRIC WARFARE GROUP (AWG): ACTIONS UPON ATTACK OR DISCOVERY OF CHEMICAL AGENTS

MEDIA: 16- Panel Folded Card

SYNOPSIS: The Actions Upon Attack of Discovery of Chemical Agents Smart Card is a 16-panel, folded card. It incorporates Chemical Munition Threat in Iraq, Toxic Industrial Chemical (TIC) Threat in Iraq, Characteristics of Agents Sarin (GB), Mustard (HD) Agent, and Chlorine (Cl), Identification of Potential Chemical Munitions/Improvised Explosive Devices (IEDs), Means of Detection Identification, Actions to take if you believe you have been attacked by an IED containing a chemical munition, Principles of Contamination Avoidance, Principles of Contaminated Casualty Evacuation (CASEVAC), and Principles of Decontamination.
GTA 05-02-012: COORDINATE SCALE AND PROTRACTOR

MEDIA: Simple B&W Plastic Device

SYNOPSIS: This 5" x 5" device is a transparent heavy plastic (weatherproof) coordinate scale used to measure azimuth and convert to mils. The outer scale measures MILS and the inner scale measures DEGREES. There are three right triangles situated in the middle with each containing different scales. The image is a representation and not a true image. Supersedes GTA 5-2-10.

GTA 05-02-013: HOW TO FIND YOUR WAY

MEDIA: Booklet

SYNOPSIS: This booklet is 21 pages, 8 ½” X 5 ½ “, front & back, black & white, and enhanced with graphics. The booklet explains & illustrates fundamentals of map reading. This GTA supersedes GTA 05-02-013, 1 October 2001.
GTA 05-02-029: CONVERSION FACTORS AND COMMON FORMULAS

MEDIA: 8 ½ X 11 folded in the middle to 5 ½ X 8 ½, four pages
SYNOPSIS: This GTA enable commander, platoon sergeants, squad leaders, and all military occupational specialties (MOS) to teach individual conversion factors and common formulas.

GTA 05-02-034 AZIMUTH-BEARING/GRID-MAGNETIC CONVERSION

MEDIA: Pocket Card
SYNOPSIS: Card, 5 3/8" x 8 3/8" This product is printed B/W on white index card stock or equal, waterproof or coated. The finished product is a 5 3/8" x 8 3/8" two-sided waterproofed card. This card provides declination diagrams to be used as a field reference to allow for correct application of the grid magnetic angle in map reading. Side one illustrates the Grid-Magnetic Azimuth Conversion. Side two illustrates Azimuth-Bearing Conversion. The image is a representation and not a true image.
GTA 05-07-012: TANK COMMANDER'S BRIDGE CROSSING BOOKLET
MEDIA: Booklet
SYNOPSIS: This 4.5” x 6”, B/W double-sided 19-page booklet enables track commanders of all branches and MOSs to rapidly determine whether a bridge is safe for their vehicles to cross with one lane traffic in the center of the bridge. This is not for bridge classification. Major topics within this booklet include: Concrete Slab - MLC 30; Concrete T-Beam - MLC 30; Timber Trestle - MLC 30; Steel Stringer w/Concrete Deck - MLC 30; Masonry Arch Bridge - MLC 30; Properties of Steel Stringers (Table); Concrete Slab - MLC 70; Concrete T-Beam - MLC 70; Timber Trestle - MLC 70; Steel Stringer w/Concrete Deck - MLC 70; Masonry Arch Bridge - MLC 70

GTA 05-07-013: RAPID FIELD CLASSIFICATION BOOKLET
MEDIA: 30-page Booklet (5.5” x 8.5”)
SYNOPSIS: For use in all active, reserve and national guard units. This GTA provides a rapid field method of establishing bridge capacity in the field, but only as a temporary measure. An analytical classification must be performed as soon as possible in order to actually classify the bridge and post a classification sign.
GTA 05-08-001: SURVIVABILITY POSITIONS

MEDIA: Booklet
SYNOPSIS: Booklet, 5-1/2" x 7-1/2", 16 pages, black and white printed on both sides. This booklet lists the following, with detailed illustrations and tables provided: Commander’s Responsibilities to plan and select survivability positions; Summary of Materials; Preconstruction Phase; Protection for Fighting Positions; Types of Fighting Positions; Instructions for Constructing various Fighting Positions; Inspection Checklist. The image is a representation and not a true image.

GTA 05-08-002: ENVIRONMENTAL-RELATED RISK ASSESSMENT

MEDIA: Foldout
SYNOPSIS: This 16 panel foldout, 4.15” x 6.25”, is printed in black ink on synthetic paper. This graphic training aid (GTA) illustrates how the risk assessment process is used to assess and reduce environmental-related risks while conducting operations. Although all risk cannot be eliminated, leaders must identify hazards that may negatively impact the mission and/or the environment and implement controls to reduce the overall risk. Assessing environmental-related risk is only a part of the composite risk management (CRM) process. This publication supersedes GTA 05-08-002, October 1999.
GTA 05-08-003: HAZARDOUS-MATERIAL-SPILL PROCEDURES

MEDIA: Three-fold Card
SYNOPSIS: To teach hazardous material spill procedures. This GTA enables the user to determine risk factors to the environment as well as to troops and vehicles.

GTA 05-08-004: THE SOLDIER AND THE ENVIRONMENT: SOLDIER'S ENVIRONMENTAL ETHIC RESPONSIBILITY CARD

MEDIA: 6-page Foldout Booklet
SYNOPSIS: This product is printed B/W as a 6-page accordion folded booklet on synthetic paper. The finished product is 12 3/8 x 6 1/4 folded to 4 1/8 x 6 1/4". This booklet is a soldier’s guide to responsible conduct for respecting America's natural resources. Major topics include the Army's Environmental Vision, Environmental Ethic, the Army's Environmental Program and a definition of the individual soldier's role in that program.
GTA 05-08-012: INDIVIDUAL SAFETY CARD

MEDIA: 6-page Accordion Foldout Booklet
SYNOPSIS: Delineates preventive actions in adverse weather. **Supersedes GTA 5-8-12, December 2002.**

---

**GTA 05-08-014: "THE ENVIRONMENT AND PREDEPLOYMENT: UNIT PREDEPLOYMENT AND LOAD PLAN CONSIDERATIONS" (2014) (CAR ONLY NOW)**

MEDIA: Foldout booklet
SYNOPSIS: For use in all Active, Reserve, and National Guard units. This GTA enables commanders, platoon sergeants, squad leaders and all military occupational specialties (MOS) to teach soldiers how to be prepared to deal with environmental concerns before unit deployment.
GTA 05-08-016: "THE ENVIRONMENT AND REDEPLOYMENT: HOW TO CLEAR A BASE CAMP"

MEDIA: 6-page accordion folded booklet

SYNOPSIS: This product is printed B/W as a 6-page accordion folded booklet on synthetic paper. The finished product is 12.375” x 6.25” folded to 4.125” x 6.25”. This booklet is a Soldier’s guide on how to clear a base camp and comply with host nation and federal laws. Major topics include Purpose, How to Clear Camp, Packaging Tips, Packaging Requirements, Labeling Requirements, Environmental Conditions Report and Recovery Operations.

GTA 05-08-017: THE ENVIRONMENT AND DEPLOYMENT: TACTICAL RISK AND SPILL REACTION PROCEDURES (v13)

MEDIA: Foldout booklet

SYNOPSIS: This graphic training aid (GTA) provides spill prevention and response information. Soldiers must remember that tactical risks are real, accidents happen, and spills occur. This GTA will help Soldiers and leaders prevent, prepare for, and respond to spills.
GTA 05-08-018: DUST SUPPRESSION ALTERNATIVES

MEDIA: Folded Pocket Card
SYNOPSIS: This graphic training aid (GTA) assists Soldiers in managing dust for airfields, helipads, base camps, marshaling areas, main supply routes (MSRs), and lines of communications (LOCs) and determining the appropriate method of dust suppression.

GTA 05-08-019: The Soldier’s Field Card: Checklist For Environmental Considerations During Training And Deployment

MEDIA: 12-panel Card
SYNOPSIS: This folded 4.25 X 6.25 black and white, 12-panel smart card on synthetic material is a Soldiers guide to dealing with environmental concerns during training or deployment. Information included is Environmental Considerations; Training Area/Area of Operation; Vehicle Movement; Litter, Refueling; Petroleum, Oils, Lubricants, Hazardous Material, or Hazardous Waste Spill Prevention and Response; Hazardous Material/Hazardous Waste Management; Wildlife; Cultural/Archaeological Resources; Wetlands; Pest Management; and Water Management.
GTA 05-10-033: DEMOLITION CARD

MEDIA: Foldout Card
SYNOPSIS: Active Army, ARNG, USAR: To be distributed in accordance with DA Form 12-12, SEC II requirements pertinent to TOE, 5, 7, 17, and 31 series.

</table>
GTA 05-10-039: COUNTERMINE IDENTIFICATION TRAINING (CIT) PROGRAM - KOREA

MEDIA: Deck of Cards
SYNOPSIS: For use Army wide by commanders, platoon sergeants, and squad leaders in all military occupational specialties (MOS) to identify different mines found in Korea. Deck consists of 56 cards printed on 2 ½" x 3 ½" bonded waterproof paper. To identify Korea deck front side will have mines in black and white; side two will be in red with verbiage in white letters.

GTA 05-10-040: COUNTERMINE IDENTIFICATION TRAINING (CIT) PROGRAM - CENTRAL AND SOUTH AMERICA

MEDIA: Deck of Cards
SYNOPSIS: These cards enable commanders, platoon sergeants, squad leaders, and all military occupational specialties (MOS) to identify different types of mine/unexploded ordnance (UXO) from Central and South America.
GTA 05-10-041: MAINTAINING, EMPLOYING, AND OPERATING THE MODULAR PACK MINE SYSTEM (MOPMS) AND THE REMOTE CONTROL UNIT (RCU)

MEDIA: Pamphlet
SYNOPSIS: This 4" x 5" fourteen page Black and White booklet covers Preventive Maintenance Checks and Services (PMCS) and operation of both the Modular Pack Mine System (MOPMS) and the Remote-Control Unit (RCU).

GTA 05-10-042: VOLCANO PREVENTIVE MAINTENANCE CHECKS AND SERVICES (PMCS)

MEDIA: Booklet
SYNOPSIS: This 4" x 5" eleven page Black and White booklet covers PMCS to be performed before and after operation.
GTA 05-10-043: COUNTERMINE IDENTIFICATION TRAINING (CIT) PROGRAM - ANGOLA

MEDIA: Deck of Cards
SYNOPSIS: Purpose: This GTA enables commanders, platoon sergeant, squad leaders, and all military occupational specialties (MOS) to teach individual mine awareness. This GTA enables the user to determine the risk factors to the individual soldier.

GTA 05-10-044: MINE AWARENESS (SANDI)

MEDIA: Cards
SYNOPSIS: This is a 5.375" x 8.6", 8-page, accordion-style, white index card stock, waterproof coated card, 100% black on both sides. GTA teaches soldiers mine awareness.
GTA 05-10-045: COUNTERMINE IDENTIFICATION TRAINING (CIT) PROGRAM - ERITREA AND ETHIOPIA

MEDIA: Deck of Cards

SYNOPSIS: For use in all Active, Reserve, and National Guard Units. This GTA enables commanders, platoon sergeants, squad leaders, and all military occupational specialties (MOS) to teach individual mine awareness. Deck consists of 64 cards printed on 2 ½” x 3 ½” white index card stock or equal, waterproof or coated. Printed 100 percent black and white on one side. The other side will be white with red lettering.

---

GTA 05-10-046: COUNTERMINE IDENTIFICATION TRAINING (CIT) PROGRAM - MOZAMBIQUE

MEDIA: Deck of Cards

SYNOPSIS: For use in all Active, Reserve, and National Guard Units. This GTA enables commanders, platoon sergeants, squad leaders, and all military occupational specialties (MOS) to teach individual mine awareness. This GTA enables the user to determine the risk factors to the individual soldier. Deck consists of 44 cards printed on 2 ½” x 3 ½” white index card stock or equal, waterproof or coated. Printed 100 percent black and white on one side. The other side will be black and white with gray shading.
GTA 05-10-047: COUNTERMINE IDENTIFICATION TRAINING (CIT) PROGRAM - RWANDA

MEDIA: Deck of Cards
SYNOPSIS: For use in all Active, Reserve, and National Guard Units. This GTA enables commanders, platoon sergeants, squad leaders, and all military occupational specialties (MOS) to teach individual mine awareness. This GTA enables the reader to determine the risk factors to the individual soldier. The deck consists of 42 illustrated cards.

GTA 05-10-048: BASIC HORNET WIDE-AREA MUNITION EMPLACEMENT AID

MEDIA: Simple Device
SYNOPSIS: For use in all Active, Reserve, and National Guard Units. This GTA enables commanders, platoon sergeants, squad leaders, and all military occupational specialties (MOS) to teach Basic Hornet Munitions Emplacement. This GTA enables the user to determine the risk factors to the individual soldier.

OPERATIONAL INSTRUCTIONS for GTA 05-10-048

Perform the following steps to operate the emplacement aid:

- Hold the triangle portion in your hand with the required emplacement scenario pointing away from you.
- Rotate the circular portion of the triangle with your free hand until the yellow triangle that corresponds to the weather conditions you are emplacing under points to the required emplacement scenario.
- Look through the cutout window and read the number of Hornets required for the operation.

Example: You are emplacing an over watch scenario under windy conditions. Point the triangle with the over watch scenario away from you. Rotate the circular portion of the triangle until the yellow triangle marked WINDY is pointing to the over watch scenario. Look through the window and you will see that the ideal quantity of Hornets is 10 per row.
GTA 05-10-049: HORNET OPERATION GUIDE

MEDIA: Foldout Booklet
SYNOPSIS: For use in all Active, Reserve, and National Guard Units. This GTA enables commanders, platoon sergeants, squad leaders, and all military occupational specialties (MOS) to teach Individual Hornet Operation Guide. This GTA enables the reader to perform manual-mode employment and preventive maintenance checks and services. Paper text white index card stock or equal, waterproof or coated. Printed 100 percent black and white on two sides. The finished product will be 5 ½ by 8 ½.

Distribution Restriction: This publication contains technical or operational information that is for official government use only. Distribution is limited to US Government agencies. Requests from outside the US Government for release of this publication under the Freedom Information Act or the Foreign Military Sales Program must be made to Commander, Army Training and Doctrine Command (TRADOC), Fort Monroe, VA 23651-5000.

This Graphic Training Aid is available for download only in Adobe Portable Document Format (PDF).

GTA 05-10-051: COUNTERMINE IDENTIFICATION TRAINING (CIT) PROGRAM: AFGHANISTAN

MEDIA: Deck
SYNOPSIS: For use in all Active, Army Reserve, and National Guard Units. This deck of 69 cards enables commanders, platoon sergeants, squad leaders, and all military occupational specialties (MOS) to teach mine recognition, with an emphasis on the types of mines that are likely to be encountered in Afghanistan.

Distribution Restriction: This publication contains technical or operational information that is for government use only. Distribution is limited to US Government Agencies.
GTA 05-10-053: IMPROVISED EXPLOSIVE DEVICE EFFECTS SIMULATOR, INCREMENT 1 TRAINING SYSTEM
MEDIA: 44-page Booklet
SYNOPSIS: This 44-page graphic training aid (GTA) serves as an expedient element for the setup, configuration, and operation of the improvised explosive effects simulator (IEDES) training system in support of improvised explosive device (IED) defeat and full spectrum operations at all echelons. Trainers from other services must contact ATSC directly to arrange support. Questions and comments may be directed to: atsc.teamgta1@conus.army.mil.

GTA 05-10-054: IEDES DIRECT-WIRE SAFETY CARD
MEDIA: Card
SYNOPSIS: This GTA will help keep hard wire separate while connecting them to Terminal 1 and Terminal 2 on the ECID and MCU.
As of March 29, 2017

**GTA 05-11-015: CRATERING**

**MEDIA:** Booklet

**SYNOPSIS:** For use in all active, Army Reserve, and National Guard units. This booklet enables commanders, platoon sergeants, squad leaders, and all military occupational specialties (MOS) to teach cratering. This GTA shows different types of cratering, the amount of cratering charges, and the amount of explosives used in each charge.

---

**GTA 06-01-003: FIRING BATTERY SUPERVISOR'S REFERENCE CARD**

**MEDIA:** Card

**SYNOPSIS:** This 4.5"x4.5" double sided, black and white card consists of a coordinate scale, bar scale, and 6,400 mil protractor to be used by firing battery personnel required to know methods of laying the firing battery and measuring the orienting angle and azimuth of fire. Supersedes GTA 6-1-2.
GTA 06-05-001: MULTI-PURPOSE PROTRACTOR

MEDIA: Simple Device
SYNOPSIS: This 24-inch, clear plastic protractor with 6” x 6” circle graph is used in the targeting effort, i.e., plotting coordinates, drawing military symbols, and gross check of weapons in range. The circle graph is rotatable and contains various geometric figures as a template. The straight edge measures up to 30”. The image is a representation and not a true image.

GTA 06-07-003: OBSERVED FIRE FAN

MEDIA: 8X10 Transparent Card
SYNOPSIS: This GTA is a transparent card which can be used alone or as a transparency in determining direction and distance between points on a map. Numbered on the side with a scale of 1:50,000 meters. Used by Field Artillery Scout Observers. To be used in support with FM 6-30 and FM 6-13F1-2. The image is a representation and not a true image.
GTA 06-07-005: OBSERVED FIRE REFERENCE CARD

This 4.5"x4.5" double-sided black and white card is used to train soldiers in requesting or adjusting indirect fires. The back side contains: Fist Report; Measurement of Angles with the Hand; TGT Location-Shift from Known Point; Naval Gunfire Request; OT Factor; Adjustment Procedures; CAS Request. It measures in inches and mils and has a scale of 1:25,000 and 1:50,000. Training Audiovisual Support Center (TASC). Trainers from other services must contact ATSC directly to arrange support.

GTA 07-01-029: INDIVIDUAL PLOTTING BOARD, M-16 PLOTTING BOARD

MEDIA: Simple Device

SYNOPSIS: This miniature M-16 thin white plotting board measures 9.5"x10" overlayed by a 8.5" diameter rotating wheel and a 7.75"x1.5" measuring device, including a removable 5.5"x1.5" measuring arm held in place by a rivet in the middle provides an aid to the individual soldier in solving practice problems in preparation for SQT, and trains him for combat effectiveness. The image is a representation and not a true image.
GTA 07-01-035: DISASSEMBLY LAYOUT CHART FOR MK 19 GRENADE MACHINE GUN, 40MM

MEDIA: 40"x56" Black and White Chart
SYNOPSIS: This 40"x56" black and white chart depicts silhouettes of the components of this machine-gun. The image is a representation and not a true image.

GTA 07-01-036: DISASSEMBLY LAYOUT CHART, M9 SEMIAUTOMATIC PISTOL, 9MM

MEDIA: Chart
SYNOPSIS: This layout depicts silhouettes of the components of this machine-gun. Layout parts for the M9 Semiautomatic Pistol, 9-mm include: Slide; Barrel Assembly; Spring; Spring Guide; Receiver; Magazine. The image is true image, but not to scale.
GTA 07-01-038: INFANTRY LEADER'S REFERENCE CARD

DELIBERATE ATTACK CONSIDERATIONS 1. Determine main attack, supporting attack, reserve. Temperature (centigrade) 2 digits, cloud cover 1 digit, Instructions significant weather phenomena 1 digit, air stability 1 digit. Location of attack (UTM or place) (state actual or C. Azimuth of attack from observer (state degrees or mils). estimated). Representative downwind direction 4 digits (state degrees or mils), wind speed 3 digits (data kmph or knots).

GTA 07-01-039: DISASSEMBLY LAYOUT FOR M16A2 RIFLE

MEDIA: Chart
SYNOPSIS: This is 30 x 40 black and white single sided layout chart depicts the silhouettes of major components of the M16A2 rifle when properly field stripped. This GTA is for firers and basic trainees who must know how to field strip, but not to repair the weapon. Layout parts for the M16A2 rifle include: Charging Handle; Handguard (2); Sling; Upper Receive; Lower Receiver; Buffer Assembly w/Spring; Bolt Carrier; Bolt CAM Pin' Bolt; Magazine; Firing Pin; Firing Pin Retaining Pin; Extractor; Extractor Pin. The image is a true image but not to scale.
**GTA 07-01-040: M-4 CARBINE, FIELD STRIPPED**

MEDIA: Chart  
SYNOPSIS: Chart (36” x 29”) is designed for use by units Armywide to teach disassembly and assembly of M-4 Carbine in field and classroom environments.

---

**GTA 07-01-041: DRIFT SCALE**

MEDIA: Simple device  
SYNOPSIS: This slide-type scale uses a 90-degree angle to measure the ascent of the PIBAL. Pathfinders use the drift scale to compute the mean effective wind.
GTA 07-01-042: M249 MACHINE GUN DISASSEMBLY MAT

MEDIA: Chart
SYNOPSIS: For use in all Active, Reserve, and National Guard Units. This GTA is used for cleaning, layout inspections, and instruction on assembly/disassembly of the weapon. Can also be used in a field environment. (One page mat, 30" x 40")

GTA 07-01-043: BASIC RIFLE MARKSMANSHIP COACHES CHECKLIST (4 FUNDAMENTALS)

MEDIA: Card, 4" x 5"
SYNOPSIS: This product is printed B/W on white index card stock or equal, waterproof or coated, the finished product is a 5" X 5" two-sided waterproofed card. This GTA enables soldiers to coach Basic Rifle Marksmanship and will be used to enhance the knowledge of IET soldiers, aiding them to coach their peers in marksmanship. The card provides a checklist with 4 fundamentals of marksmanship.
**GTA 07-01-044: M240B MACHINE GUN DISASSEMBLY MAT**

MEDIA: Chart  
SYNOPSIS: For use in all Active, Reserve, and National Guard Units. This GTA is used for cleaning, layout inspections and classes in assembly/disassembly.

---

**GTA 07-02-005: SIGHT ENGAGEMENT TRAINER, AT-4 (PARTS 1 & 2)**

MEDIA: 2-part simple device  
SYNOPSIS: This GTA is a 2 part device. Part 1 is a 8.5"x12" hard white plastic, Target Silhouette Sheet, and Part 2 is a 5.75"x8.25" transparent plastic Front Sight Template. The device aids soldiers in learning to acquire a proper sight picture with the AT-4 weapon and to evaluate ability in determining correct M136 (AT-4) sight picture. The image is a representation and not a true image.
GTA 07-04-005: PATHFINDER CONTROL ZONE SCALE

MEDIA: Simple Device
SYNOPSIS: This transparent light weight protractor device measuring 14.5" long annotates the air traffic limits of a designated control zone onto a standard military map. For use on 1:50,000 Military Map.

---

GTA 07-04-006: INFANTRY LEADER'S REFERENCE CARD FOR BUILDING THE COMPANY TEAM FOR DEFENSE

MEDIA: Booklet
SYNOPSIS: This B/W 5.5" x 8.5", laminated booklet is 14 pages front and back. It provides leaders with a quick reference in building the company team for defense. It lists steps with methods/techniques that include receiving a mission, issuing a warning order, making a tentative plan, initiating movement, reconnoitering, completing a plan, issuing the OPORD, and supervision.
GTA 07-04-008: INFANTRY LEADER'S REFERENCE CARD FOR LINKUP OPERATIONS

MEDIA: Card
SYNOPSIS: This 5.5”x8.5” black and white double sided tri-fold water-proofed card is intended for field use by small Unit Leaders to assist them in conducting linkup operations. This GTA includes: Coordination Checklist and Linkup Checklist.

GTA 07-06-001: FIGHTING POSITION CONSTRUCTION - INFANTRY LEADER'S REFERENCE CARD

MEDIA: Booklet
SYNOPSIS: This product is printed B/W on water resistant paper. The finished product is a 5 ½” x 8 ½” 16-page accordion fold. This GTA is to be used as a quick reference for leaders in various stages of fighting position construction and in the field training environment. Major topics include: 2-Man Fighting Position; 2-Man Fighting Position With Built-Up OHC; 2-Man Fighting Position With Built-Down OHC; MG Fighting Position; MG Fighting Position With Built-Up OHC; Class IV Material Requirements for Standard OHC; and Summary of Materials.
GTA 07-08-001: HELMET WEAR AND ADJUSTMENT

Card is 6 x 4 on white synthetic paper. This GTA provides a quick reference to Soldiers on the proper adjustment and wearing of the PASGT and ACH helmet. Combat Skills of the Soldier. Training Audiovisual Support Center (TASC). Trainers from other services must contact ATSC directly to arrange support.

GTA 07-08-003: PHYSICAL READINESS TRAINING QUICK REFERENCE CARD

MEDIA: Pocket card
SYNOPSIS: This pocket-sized reference provides Commanders and physical readiness trainers easy access to physical readiness training exercise requirements as described in TC 3-22.20.
GTA 07-09-001: MINE RESISTANT AMBUSH PROTECTED (MRAP) FAMILY OF VEHICLES EMERGENCY ROLLOVER/EGRESS PROCEDURES

MEDIA: 23" x 11" synthetic white GTA folds up to measure 3.75" x 5.5" Pocket Card.
SYNOPSIS: For use in all active, reserve and national guard units. This GTA provides a reference for emergency procedures in the Mine Resistant Ambush Protected (MRAP) family of vehicles. This foldout card outlines emergency drill procedures to be taken by the vehicle crew during a rollover and how to egress the vehicle in water. The card contains preventive tips and measures as well as MEDEVAC and accident reporting formats.

GTA 07-09-003: The Army’s Methodology for Training

MEDIA: Booklet
SYNOPSIS: Combined Arms Training Strategy (CATS) are task-based, event-driven training strategies based on the mission for which units are designed and provides: Task selections displaying a group of collective tasks trained together; Supporting collective tasks with linked training & evaluation outlines (T&EOs); and Associated training events (FTX, classes, STX, STAFFEX).
GTA 07-10-001: MACHINE GUNNER’S CARD

MEDIA: Pocket card.

SYNOPSIS: For use in all Active, Army Reserve, and National Guard units. This GTA provides a quick reference guide for all soldiers who must be trained on the machine gun or issued the machine gun for their unit.

GTA 07-10-002: ADVANCED INFANTRY MARKSMANSHIP STRATEGIES AND STANDARDS

MEDIA: Pocket card.

SYNOPSIS: For use in all Active, Army Reserve, and National Guard units. This GTA provides a quick reference guide for all soldiers who must qualify with the M16A2/A3/A4 rifles and M249/M240. This GTA outlines the standards and problems when training with these small-arms weapons.
GTA 07-10-003: SMALL UNIT LEADER’S CARD (INFANTRY)

MEDIA: Foldout booklet
SYNOPSIS: For use in all active, reserve, and national guard units. This GTA provides a quick reference guide for all small unit leaders.

GTA 07-10-004: SNIPER QUICK REFERENCE

This GTA provides access to information for snipers to best perform their mission. This quick reference encompasses select information about the sniper’s equipment and skills. The sniper rifles included in this graphic training aid are- M110 SASS, M107 LRSR, M24, and M14. Reference FM 3-22.10.
GTA 08-01-004: MED EVAC REQUEST FORM

MEDIA: Pocket Card, 7-3/8"x6-3/8"
SYNOPSIS: This form is double-sided with Table 1 on side 1 and Table 2 on side 2. Table 1 is divided into 3 columns (Line, Item, and Evacuation Request Message). Some examples of “item” includes: Location of Pickup Site, Number of Patients by type, Patient Nationality and Status. Table 2 instructs you on how to explain the line items. For example, Location of Pickup Site: Encrypt grid coordinates. When using DRYAD Numeral Cipher, the same SET lines will be used to encrypt grid zone letters and coordinates....This form is used in Peacetime and Wartime. The image is a representation and not a true image.

GTA 08-05-041: VENOMOUS SNAKEBITE TREATMENT

MEDIA: Pamphlet, 5"X3" black and white, color enhanced.
SYNOPSIS: This pamphlet identifies the two types of poisonous snakes: vipers and elapids. It describes symptoms of the snakebites and provides first aid instructions.
GTA 08-05-047: VENOMOUS SNAKEBITE TREATMENT

MEDIA: Pamphlet, 5”X3” black and white, color enhanced.
SYNOPSIS: This pamphlet identifies the two types of poisonous snakes: vipers and elapids. It describes symptoms of the snakebites and provides first aid instructions.

GTA 08-05-048: VENOMOUS ARTHROPODS

MEDIA: Card
